

**Post-Project Interview
Faculty
Spring 2021**

1. How well do you perceive the project went?
2. Describe a typical week/sprint working on the project.

Agile

3. One goal of DSC-WAV is to have student teams take ownership of all aspects of their project. In this model, the faculty advisor plays a smaller supporting role rather than orchestrating the entire project. Tell us about the role of the student team members and that of the faculty advisor.
4. How integrated was the community liaison (community engagement scholar) with the team's work?
5. Fidelity to the project's use of Agile/Scrum
 - a. Sprint planning
 - b. Stand-ups (more regular check-ins)
 - c. Demos
 - d. Retrospective
 - e. User stories
 - f. Kanban board/backlog

Non-technical Skills

6. Did you feel that your team collaborated well?
 - a. Did the team actually collaborate? Or was it divide-and-conquer?
 - b. ability to distribute the resources and workload,
 - c. negotiate authority,
 - d. manage intragroup conflicts
7. Describe the communication process with the team.
 - a. Tools used to communicate
 - b. Difficulties/challenges (synchronous?)
 - c. Advisor, and community liaison
8. Do you have any other comments/concerns, or things you would like to share?
